

Become a Parent Group Leader volunteer

“ I loved every minute of taking part in the training, I will go as far as saying this has changed my life and made me improve on my parenting so much. ”

Training to become a facilitator happens over 10 sessions, normally one per week. The sessions are relaxed and fun filled and will be a mix of online and face to face groups.

Once the training is completed you will be equipped to co-facilitate a 'Being a Parent' course with Wiltshire children's centres.

We are looking for volunteers to be trained to become Being a Parent (BAP) course facilitators with Wiltshire children's centres. BAP is an empowering, feel good course which supports parents whilst up skilling them to co-facilitate a 'Being a Parent' course.
